

## CONVENTION TALK.

Two Distinct Lines of Operation Developed in the Preliminary Skirmish at St. Louis.

## WILL RUSH PARKER'S NOMINATION

His Friends Will Make an Effort to Nominate Him on the First or Second Ballot.

Another Scheme Is to Scatter the Vote, Preventing an Early Election With a View of Naming Cleveland or Gorman.

St. Louis, July 2.—Two distinct lines of operation developed Friday in the preliminary skirmishing of the democratic national convention. One is a scheme to rush the nomination of Judge Parker on the first or second ballot, and the other is to scatter the vote, prevent an early nomination with a view of naming Cleveland or Gorman. The friends of Gorman and Cleveland are working to hold the convention for several ballots in the hope that their candidate would be named. The Gorman men are not parties to the Cleveland movement, nor are the Cleveland advocates combining with Gorman's friends. There is no alliance, but it is to the interests of both that the Parker strength be disintegrated as soon as possible.

There are a few men here of the old Cleveland guard who are watching every point and who are in close communication with Cleveland's supporters, and in a subtle and subterranean manner they have been feeling the pulse of men as they arrive. They are using the race issue on the southern men and with all delegates they use the argument that Cleveland is the only man that the democrats can elect. With some effect they are pointing out to the southern delegates that they need no better excuse for supporting Cleveland than that they did so for the purpose of preventing Negro domination by the republicans.

Gorman's position is stated to be that he will not enter into any combination to prevent the nomination of Parker unless it means his own selection. He will not, he used to pull out chestnuts for Cleveland. Around Gorman is gathered the Maryland, West Virginia, District of Columbia delegations and some from other states, with a bare possibility of securing New Jersey and Pennsylvania. But like Gorman, ex-Senator Smith, of New Jersey, and James A. Guffey, of Pennsylvania, want to see success in sight before they jump.

There is a story going the rounds of the politicians who are here that the recent conferences between Gorman, Smith, Guffey and McLean had for their main object a proposition to control the party organization, that in the selection of a national committee chairman some one should be chosen who would name men for the campaign committee under the control of these men. This control is desired to prevent it falling into the hands of David B. Hill and also so that the machinery of the party organization should not be used for Parker in 1908 if he should be nominated and make a good showing this year.

Detachments to the amount of 1,200 men have been detached from Gen. Rennankampff's Cos. to scout in the defiles and hills, harassing the Japanese and not allowing them any rest day or night. The Japanese artillery is said here to be commanded by an American. His tall form is frequently seen with the batteries.

Kuroki's army is extremely active east of the Russian position, and the Russians are correspondingly active. The Russian forces are being rapidly pushed northward to a point where Kuropatkin established his base after the battle of Vafangow. So far as the Russians know Kuroki is steadily pushing onward through all the mountain passes, even toward Mukden.

## COLORED CITIZENS

Census Bulletin Shows the Negro Population of This Country to Be 8,840,789.

## NINETY PER CENT IN THE SOUTH.

Between 11 and 16 Per Cent is Believed to Have Some Degree of White Blood.

Negroes Constitute About 1-15th of the City Population and About 1-7th of the Country in Continental United States.

Washington, July 2.—The census bureau Friday issued the final bulletin on the Negro population of the United States, which shows a total of 8,840,789. The report indicates that between 11 and 16 per cent. of the Negro population has, or is believed by the enumerators, to have some degree of white blood. The center of the Negro population is in Dekalb county, Alabama, about four miles from the west boundary of Georgia, having moved thence from Dinwiddie county, Virginia, 476 miles northeast, since 1790. More than 77 per cent. of the Negroes live in the country, against more than 57 per cent. of the whites. Almost 90 per cent. of the Negroes in the continental United States are in the southern states, and three-tenths of them are in Georgia, Mississippi and Alabama. Negroes constitute about one-fifteenth of the city population and about one-seventh of the country population of continental United States.

The proportion of mulattoes to all Negroes is usually higher in cities of the great cotton growing states than it is in the districts outside of the cities.

The district in which the proportion of Negroes is greatest lies in the Mississippi alluvial region along both banks of the lower Mississippi, where five-eighths of the population is Negro, the maximum being in Issaquena county, Mississippi, with more than 15 Negroes to each white person. Negroes form one-third of the population in the south, both in cities and in country districts, while in the north they are about one-fortieth of city and one-ninetieth of the population of country districts. In the country districts of the south, excluding the population of the 242 cities which had at least 2,500 inhabitants both in 1890 and 1900, the Negroes increased from 1890 to 1900 over 16 per cent.; in the 242 southern cities as a whole they increased 21.7 per cent. Their increase in the country districts was about two-thirds as rapid as that of the whites in the same area; their increase in southern cities was nearly five-sixths as fast as that of the whites in the same cities.

In the five southern cities having at least 100,000 inhabitants in 1900, the Negro population increased 25.8 per cent. from 1890 to 1900; the white population of the same cities increased only 20.8 per cent. This is the only group of southern cities in which the rate of increase of Negro population exceeded that of the whites. In the 38 cities of this class in continental United States the per cent. of increase was 38 for Negroes and 32.7 for whites.

The largest number of Negroes living in compact masses are found in certain urban cities, several of which lie outside the great cotton growing states. The four each having over 75,000 Negroes are: District of Columbia, co-extensive with Washington; Shelby county, Tennessee, containing Memphis; Baltimore city, Md., and Orleans parish, La., co-extensive with New Orleans.

Half the Negroes in the United States are below 19 years of age, this median age being four years below the whites. Their illiteracy is much more common in country than in city districts and the females, as with the whites, are the more illiterate sex.

## **River News.**

Tacoma and Ben Hur down Sunday.  
 Bonanza for Pomeroy and Queen City for Pittsburg to-night.  
 The fight on the river is growing hot. It is now again given out that Commodore Laidley will, as soon as the fall rise comes, enter the fast Indiana, one of the best boats on the entire river, in the Pittsburg trade, and she will fight the Pittsburg boats in their own trade. He has also issued orders to cut off the Columbia from all re-shipping going up the Kanawha Valley. This action was because the Columbia entered into a traffic arrangement with the independent Ben Hur to re-ship and with the Pittsburg people as well. The Big Kanawha will be entered in the Kanawha river trade to fight the Columbia and will make the trip from Charleston to Cincinnati. In the fight with the Pittsburg line, Mr. Laidley has entered into an agreement with the owners of the Greenwood and Kanawha, whereby much of the shipping to and from up river points is taken from the Cincinnati and Pittsburg packets. The Kanawha and Greenwood are in the Charleston and Pittsburg trade, and the Laidley boats get all the transshipping that they bring from up river points.

### DANGER AND DEATH

#### Lurking in Fireworks on the Fourth—Last Year's Record of Fatalities.

The Mayor has issued a warning against the violation of the law in regard to fireworks on the Fourth. The Courier-Journal well says there is neither patriotism nor sense in converting the streets into explosive pandemoniums on the Fourth, disturbing all peace and order, frightening horses, injuring the sick, endangering life, limb and property.

Last year's list of casualties resulting directly (the indirect injurious effects will never be known) from this method of "celebrating" is here given:

Died of lockjaw caused by injuries.....	106
Died of other injuries.....	60
Totally blinded.....	10
Number who lost one eye.....	73
Arms and legs lost.....	64
Number who lost fingers.....	174
Number injured who recovered.....	3,983
Total number of casualties in the United States.....	4,340

#### Base Ball Monday.

Monday afternoon the locals and Flemingsburg will cross bats at East End park and a warm game can be looked for. Flemingsburg has a good team and the locals also, having defeated the strong Carlisle team with Yarnall and Dressell against them.

### WILL HAVE HOLIDAY.

#### How the Fourth Will Be Observed at the Postoffice.

Monday being a holiday, the general delivery window at the postoffice will be open only from 8 a. m. to 11 a. m.

The registry and money order department will not be open at all.

The city carriers will make one delivery and one collection,—at 7 a. m.

The rural carriers will not make any delivery on the 4th. Patrons on these routes can get their mail, however, by calling at the postoffice between 8 a. m. and 11 a. m.

A copy of a St. Louis paper received this week by a Maysville gentleman states that W. P. Larew, an attorney, had been convicted of embezzlement and sentenced to two years in the penitentiary. The many friends of Mr. W. P. Larew, formerly of this city, are loath to believe he is the party named.

### MR. D. WILSON JANUARY.

Death Claims One of Maysville's Popular Young Men—Had Been Ill Several Months.

Mr. D. Wilson January died last evening at 5:30 o'clock at the home of his mother, Mrs. Horace January, on West Front street. His health had been failing several months and he was forced on this account to give up his work as Assistant Postmaster the first of the year. He spent some time at Flemingsburg and his relatives and friends hoped that the rest and change would restore him, but he continued to decline. It was a case where medical skill and the devoted care of loved ones proved unavailing, and he succumbed to the disease last evening at the hour named.

Mr. January was in his thirty-fourth year, and was one of Maysville's exemplary young. In whatever position he labored, he was ever found faithful and efficient. His wife, who was a Miss Andrews of Flemingsburg, died about two years ago. One son survives them.

The funeral will take place Sunday afternoon at 3 o'clock at the residence, Rev. Dr. Barbour officiating. Interment in the Maysville Cemetery. The services will be under the auspices of Wyandotte Tribe No. 3, I. O. R. M., of which deceased was a member.

The banks will be closed July 4th.

Breakfast food and strawberries.—Calhoun's.

Wm. M. Dixon has been appointed postmaster at McKenzie, Lewis County.

Born, Thursday, to the wife of Mr. Stephen Riley of Sherburn, Fleming County, a fine daughter.

Mr. Isaac Chanslor of Millersburg will accept the position of pharmacist at Armstrong's drug store about the middle of this month. He has been with W. T. Brooks of Paris some time. Mr. Chanslor is a brother of Mrs. Frank Armstrong.

At the First Methodist Church, Rev. Chas. F. Evans, D. D., will preach to-morrow at 10:30 a. m. on "The Willing Mind," and at 7:30 p. m. on "Orpah's Kiss." The Sunday school opens at 9:15 a. m., and the Epworth League at 6:15 p. m. A cordial welcome is extended to everyone.

Mr. Charles Best, a son of Mr. and Mrs. T. L. Best, passed a successful examination this week in all the studies necessary for entrance to the Naval Academy at Annapolis. He is one of the successful appointees in a class of 300. It is not known yet whether he passed the required physical examination.

Third Street M. E. Church, Rev. M. A. Banker, pastor. Morning service at 10:30, subject of sermon, "A Far-Sighted Religion." Evening sermon at 7:30, subject, "The Golden Passion." Councilmen Eitel, Crowell and Ficklin and Street Commissioner Smith have returned from Paris and Lexington where they went to inspect the streets, modern street-making machinery and sewers. They were greatly pleased with the oiled streets of Lexington, and it is thought well recommend that the streets of Maysville be oiled in order to rid the city of the dust nuisance.
